

# Announcement of intended merger of Pontesbury and Worthen Medical Practices

We are extremely excited to announce that the partners at Pontesbury and Worthen Medical Practices have agreed to form a new joint practice from 1<sup>st</sup> April 2021. Our vision is to provide our patients with outstanding Primary Care Services and to ensure our access and service standards exceed all expectations.

We will provide services on both sites throughout the week and with our combined strengths will offer a broader range of choices for patients. Our combined office functions will be more efficient and effective and our broad range of clinicians will provide you with a holistic range of medical assessments and treatments according to your need.

We will work with the CCG, the Primary Care Network & our patient participation groups to develop a service that optimises the resources available and meets the needs of our patients

As we work toward our merger date we are extremely keen to take on board suggestions from our patients and their families. We are happy to answer questions and explain the finer details.

Before a final decision is made, we want to ask you for your view so we can address any concerns you may have.

Please visit our new website [www.pontesburyworthenmp.co.uk](http://www.pontesburyworthenmp.co.uk)

If you have any questions, please email—[info@pontesburyworthenmp.co.uk](mailto:info@pontesburyworthenmp.co.uk) before 15th November 2020.

You do have the right to change your GP to any other of your choice. Information on how to do this is available on [www.nhs.uk](http://www.nhs.uk). We politely ask that patients do not use health consultations to discuss these changes as that would slow down the service for everyone.
